

## eScan ends its partnership with ACS Systems & Network, C.A

**August 5, 2011** : After two years of its successful partnership, eScan, the highly acclaimed Anti-Virus and Content Security solution provider has parted its ways with the South American company ACS Systems & Network, CA as its exclusive distributor of Venezuela by mutual consent. ACS Systems & Network, CA was the exclusive distributors for eScan's entire range of products in Venezuela as well as in Panama.

In June 2009, the partnership deal was signed and ACS Systems & Network, CA had unveiled the eScan range of products in Caracas, Venezuela for the first time. As its distributor ACS Systems & Network, CA distributed eScan's entire range of products in Venezuela as well as in Panama, Costa Rica, Colombia, Argentina, Netherlands Antilles, Jamaica, Bahamas, Trinidad, Tobago, Aruba, Dominican Republic and Puerto Rico. eScan will be announcing its new distributor shortly. However, till then channel partners of eScan can directly buy the products and get support through their eScan Touch Points.

For any queries or technical support, eScan customers can contact at [support@escanav.com](mailto:support@escanav.com) or [ventas@escanav.com](mailto:ventas@escanav.com). Customers can also visit the website [www.escanav.com](http://www.escanav.com).

### About eScan:

eScan, the world's first Real-time Anti-Virus and Content Security software for desktops and servers is developed & marketed by MicroWorld. It is powered by innovative and futuristic technologies, such as MWL Technology, DIRC Technology, NILP Technology, and sophisticated Anti-Virus Heuristic Algorithms that not only provide protection from current threats, but can also provide proactive protection against evolving threats. It has achieved several certifications and awards from some of the most prestigious testing bodies, notable among them being Virus Bulletin, AV-Comparatives, West Coast Labs (Checkmark), ICSA, and PCSL labs. Combining the power of various technologies, eScan provides Multilevel Real-time Protection to Computers and Networks. Visit [www.escanav.com](http://www.escanav.com) for more information.
