eScan has announced that it would be a part of EXPO COMM 2010. Expo Comm is the World's Leading Telecom and Broadband Technology event taking place in Mexico and is scheduled from February 23-25, 2010.

eScan will be exhibiting its latest advancements in the eScan range of products at EXPO COMM - stand no. 923. Built on the revolutionary technologies

such as: MicroWorld Winsock Layer (MWL), Non-Intrusive Learning Patterns (NILP), Real-Time Blackhole List (RBL), Spam URL Real-Time Block List (SURBL), eScan provides total protection to your Computer System even against zero day threats.

Mr. Govind Rammurthy, CEO & Managing Director of eScan, said "The advent of Web 2.0 and the large scale adoption of social networking sites have opened up several opportunities for the cyber criminals. Therefore, an information security solution such as eScan is very essential to deal with the ever increasing risk of malicious attacks. Since its launch in 2009, eScan version 10 has received a lot of accolades and awards, in-fact recently eScan has been awarded gold certification from AV Comparatives for excellent malware removal."

Sharing her views about this event, Mrs. Rohini Sonawane, Chief Operations Officer of eScan, said, "B3 FORUM, BROADBAND FOR BUSINESS powered by EXPO COMM is the international business forum created to explore the potential opportunities of the Broadband growth in Mexico. With some of the innovative features recently added such as Remote Support, Auto Back-up/Restore & USB protection, eScan is all set to capitalize this opportunity to increase its strength in Latin America."

"We met eScan at Expo Comm Mexico 2009, and undertook the exclusive distribution of eScan OEMs. eScan provides a wide range of solutions to cater to each & every segment of users; and with the feature of eScan Remote Support, it has become easier for us to provide the technical support to our customers. We look forward to this years' EXPO COMM to expand our Channel Network in Latin America" said Mr Jorge Duran, Commercial Director of SEGTIMEX.
