along with numerous gifts based on the multiple bundles of slabs in the scheme. Partners should register online to be eligible for participating in the scheme.

Elaborating on this exclusive offer for eScan channel partners, Anil Gupta AVP - India Sales said, "eScan, today is one of the preferred Anti-Virus in India, delivering a seamless experience to end customers and is available across the country. This would not have been possible without the contribution of our esteemed partners. Hence, our partners and associates have always been very important for us and this is one way in which we could reciprocate our gratitude to them. eScan has always kept its associates at the forefront of all initiatives."
