## Enliven your Festival & Holiday Season with eScan!

*Exciting "Festival Bonanza" Scheme for Resellers*

Mumbai, Maharashtra, October 24, 2009 /[India PRwire](#)/ -- eScan, one of the leading Information Security solutions from MicroWorld that provides proactive protection against virus, spam, trojan, and many other information security threats, has designed a special programme to reach out to its resellers this cheerful season of festivals and holidays. The scheme christened 'Festival Bonanza' is for the period October 15th 2009 to January 15th 2010 and offers prizes to be won by participating resellers.

Designed exclusively for resellers selling eScan in India, the scheme offers exiting prizes to be won. The points can be accrued on the purchase of eScan SOHO and SMB Range of products only within this quarter. The prizes include exciting holiday package ***Trip to Singapore***.

To participate in this scheme, the resellers need to register online at <http://mspl.net/singapore>, on or before November 15th, 2009.

"At eScan we acknowledge that our partners have played a pivotal role in bringing eScan on a growth path. The security solutions of eScan are today fast becoming a household name in all class A, B and C cities. The credit for this popularity lies with our network of channel partners and resellers. In return we want to share our success and reward our partners for their dedication and loyalty," said **Mr. Anil Gupta, Head - National Sales, MicroWorld**.

"This special offer has been designed to benefit our partners & resellers during the holiday season. We invite our resellers to take active part in the scheme and give us a chance to show our appreciation to them," He further added.

### Notes to Editor

#### About eScan

eScan, the world's first Real-Time AntiVirus and Content Security software for desktops and servers is developed and marketed by MicroWorld. [MicroWorld Winsock Layer \(MWL\)](#) is the revolutionary technology underlying the eScan product range, and bringing it several certifications and awards by some of the most prestigious testing bodies, notable among them being Virus Bulletin, Checkmark and PC Security Labs. Combining MWL technology with Multilevel Protection, eScan provides a Real-Time Proactive security to the computer systems. [MailScan](#) and X-SPAM are comprehensive email scanners for SMTP and POP3 Mail Servers.
