[Press-Release.com](#)) May 10, 2012 -- Mumbai,

May 10, 2012: eScan, one of the leading Anti-

Virus & Content Security solution providers,

announces that Ms. Shweta Thakare will be

handling additional responsibilities as AVP for

APAC & SAARC, in addition to Europe. She will

continue to report to Mr. Sunil Kripalani, Senior

Vice President – Global Sales and Marketing.

Shweta, with a rich experience of 16 years in the

IT Industry with specialization in Security

Products, has been the part of eScan from the

past 13 years. She has been playing a central

role in helping eScan expand its market in

Europe, and now will be focusing on the range of market expansion responsibilities under her purview for

APAC & SAARC as well. She will lead the development of new business strategies in order to identify

and capture new markets in the regions and will continue to ensure eScan's position as a leader in the IT

security market.

"With her previous vast experience while heading Europe and strong understanding about IT market and

products, I have great confidence in Shweta's ability to guide eScan through the challenges ahead in

these regions and accelerate the growth of eScan as a brand", said Mr. Kripalani.

On this new development, Shweta, said, "I would like to thank the board for trusting my capabilities and

assigning me with the new responsibilities. I am honored with this opportunity, and look forward to

bringing eScan at the forefront of the IT Security market in APAC & SAARC."

About eScan:

eScan, one of the leading Anti-Virus & Content Security solutions for Desktops & Servers is developed

and marketed by MicroWorld. It is powered by innovative and futuristic technologies, such as MWL

Technology, DIRC Technology, NILP Technology, and sophisticated Anti-Virus Heuristic Algorithms that

not only provides protection from current threats, but also provides proactive protection against evolving

threats. eScan provides 24x7 free remote support facility, integrated in the software to help customers to

get their malware related issues resolved in the fastest possible time-frame. It has achieved several

certifications and awards from some of the most prestigious testing bodies, notable among them being

Virus Bulletin, AV-Comparatives, West Coast Labs (Checkmark), ICSA, and PCSL labs. Combining the

power of various technologies, eScan provides Multi-level Real-time Protection to Computers and

Networks. For more information, visit [www.escanav.com](#).
