eScan offers New Year Gifts to Customers

By VARIndia Correspondent

eScan has planned out an exciting offer for its customers for the coming New Year. The lucrative offer gives a chance to every customer to win amazing prizes on purchase of any eScan product.

To participate in the offer, a customer will have to buy either

the eScan AntiVirus Edition, the eScan Internet Security Suite, the eScan AntiVirus Edition for SMB or the eScan Internet Security Suite for SMB. After buying one of these products, the customer will have to install and activate it within January 15, 2010. After activating eScan, customers have to register on <http://www.mwti.net/newyearoffer> before January 15, 2010 to validate their purchase.

The lucky draw will be conducted on January 22, 2010 and the winners will be intimated by email. Winners of the lucky draw can win exciting prizes like high range laptop, smart mobile phones, trendy wrist watches, iPods, etc.

Speaking on this, Govind Rammurthy, Managing Director & CEO of eScan, said, "We take this opportunity to thank and reward our customers who have been an integral part of our success. We will keep innovating our solutions to suit the ever-changing security needs and provide a secure and safe computing experience for all our customers. We wish all our customers a happy, prosperous and secure New Year."

eScan version 10, which was launched earlier this year, has won several awards, international and domestic and has received acclaim from various prestigious testing bodies of the IT security industry such as VB100%, AV Comparatives, PCSL and many more.
