eScan announced that it is now a Microsoft Gold Certified Partner. eScan has earned the Gold Certificate in Microsoft's Partner Program in recognition of its expertise, strategic role and impact on the security industry. As a Microsoft Gold Certified Partner, eScan has demonstrated its expertise with Microsoft technologies and proven its ability to satisfy the needs of its customers.

Â Â Â Â Â

Microsoft Gold Certified Partners are the elite Microsoft Business Partners who earn the highest customer endorsement. They have the knowledge, skills, and commitment to help implement technology solutions that match exact business needs. Gold Certified Partners represent the highest level of competence and expertise with Microsoft technologies, and have the closest working relationship with Microsoft.

First, we would like to thank our customers, who have endorsed us for this certification. Getting the highest level of certification from the worlds largest software vendor reiterates our determination and capabilities in providing cutting edge security solutions to our customers. This partnership will help us in delivering faster solutions for upcoming Microsoft technologies too. explained Govind Rammurthy, CEO&Managing Director, eScan.
