eScan Internet Security Suite Server Edition Bags VB100 Award

Posted by Seema Rathore on April 6, 2016

eScan, one of the leading Anti-Virus and Content Security Solution providers, bagged the prestigious VB100 award in October 2015 for the performance stability of Internet Security Suite Server Edition. It passed all the comparative product tests successfully conducted by VB100 in the last quarter and based on that eScan was given the award.

On receiving this prestigious award, Mr Govind Rammurthy, MD and CEO at eScan said, "In our pursuit to provide the cutting edge software, we consistently put our efforts to improve our products and provide our users a world class experience and remarkably higher customer satisfaction".
