Thursday, 26 April 2012

eScan announces the appointment Mr. Leo Veluthukaran as new National Sales Manager for India. Leo has been appointed to the position with the responsibility to drive the continued growth of eScan in enterprise segment and enhance its position in the Indian market. Veluthukaran will be reporting to Sunil Kripalani, Senior Vice President – Global Sales and Marketing.

Veluthukaran comes with more than 18 years of extensive experience in Business Development, Client Relationship Management, and Key Account Management, with the understanding of different IT domains. He has worked for some of the leading solution providers, including Orient Technologies, Allied Digital Services Ltd., and Jupiter Systems Software Pvt. Ltd. and has been in-charge of major accounts such as BPCL, HPCL, NIIT, Pfizer, Bombay Hospital, IDBI, and SBI, to name a few.

On appointment of Veluthukaran, Kripalani said, “We are delighted to have Mr. Leo Veluthukaran on board. With his vast sales experience and strong understanding about IT market and products, Leo is well qualified to ensure eScan continues to be the most preferred security Software brand in the region.”

On his joining eScan, Veluthukaran said, “I am honored to be associated with eScan, a brand that has been constantly redefining the IT security landscape with its innovative and futuristic technologies and thus, actively contributing to the IT Security industry in combating the evolving cyber threats. It is a privilege for me to have the opportunity to represent such a highly regarded brand.”
